GETTING AROUND

LOCAL TRANSPORTS

Taxi

Official taxis are white and metered. There are taxi stands at most of the city's main piazzas or you can call one of the five taxi cooperatives: **Napoli** (+39081 556 44 44), **Consortaxi** (+39081 20 20 20), **Cotana** (+39081 570 70 70), **Free** (+39081 551 51 51), and **Partenope** (+39081 556 02 02).

Ordinary meter rates mean that rides start with €3,00 on the meter on weekdays, and €5,50 at night and on Sundays and public holidays. Supplements occasionally apply, and these are listed in the attached fares list. Apart from these, the fare depends on journey time and length and is shown on the meter. A minimum fare of € 4,50 is charged on weekdays.

Special fixed rates for specific rides within and outside the city boundaries **are all-inclusive** (i.e. airport, night-time, baggage, animals, motorway toll and phone booking supplements are all included). These rates are available to any passenger who asks for this service when they get in the taxi. **Taxi-drivers cannot refuse the request and obviously the taxi-meter should not be switched on.**

The multilingual fares list is given to all taxi drivers and includes **both pricing systems** (normal meter and fixed rates). It should be clearly displayed inside the vehicle to enable passengers to decide immediately which fare to choose depending on their destination.

If any money should be asked for, over and above the fixed rates listed in the attachment, this constitutes a violation of the regulations and can be reported to the Planning, Promotion and Control Service for Public Transport, as sanctions apply.
