

ESADE NIW HOTELS

A number of hotels in Barcelona offer **discounted room rates** for the ESADE NIW 2012 attendees. As a conference attendee, you save when you stay at one of the hotels listed. We have selected two hotels close to ESADE and two hotels in the city center, for you to enjoy your stay in Barcelona.

We recommend you to book in advance, as Barcelona is a very vibrant city, with lots of tourism and conferences. The rates are available from March 14 to March 16 (although if you would like to stay for few more days, the hotel **may** grant you the conference rate for your whole stay).

Please remember to **include ESADE NIW as the subject** of your email, when requesting your reservation to have access to our negotiated rates.
